

**LABOR SERVICES DIVISION[875]**

**Adopted and Filed**

Pursuant to the authority of Iowa Code section 88.5, the Labor Commissioner hereby amends Chapter 10, “General Industry Safety and Health Rules,” and Chapter 26, “Construction Safety and Health Rules,” Iowa Administrative Code.

The amendments adopt by reference changes to federal occupational safety and health standards concerning electrical protective equipment and electrical power generation, distribution and transmission. The effective date for some of the provisions is April 1, 2015.

The principal reasons for adoption of these amendments are to implement legislative intent, protect the safety and health of Iowa workers, and make Iowa’s regulations current and consistent with federal regulations. Pursuant to Iowa Code subsection 88.5(1) and 29 CFR 1953.5, Iowa must adopt changes to the federal occupational safety and health standards.

Notice of Intended Action was published in the May 14, 2014, Iowa Administrative Bulletin as **ARC 1461C**. No public comment was received on the proposed amendments. These amendments are identical to those published under Notice of Intended Action.

No variance procedures are included in this rule. Variance procedures are set forth in 875—Chapter 5.

After analysis and review of this rule making, jobs could be impacted. However, these amendments are implementing federally mandated regulations, and the State of Iowa is only implementing the federal regulations. The requirements imposed on Iowa businesses by these regulations do not exceed those imposed by federal law.

These amendments are intended to implement Iowa Code section 88.5 and 29 CFR 1953.5.

These amendments shall become effective on August 13, 2014.

The following amendments are adopted.

ITEM 1. Amend rule **875—10.20(88)** by inserting the following at the end thereof:  
79 Fed. Reg. 20629 (April 11, 2014)

ITEM 2. Amend rule **875—26.1(88)** by inserting the following at the end thereof:
